YANNIS LOUMOUAMOU

Engineering Student – Robotics, Automation & Artificial Intelligence
Seeking an internship | April – October 2027

yannisloum@gmail.com +33 7 83 63 93 34 yannisloum Yannisloum63 Portfolio Nantes, France

PROFESSIONAL EXPERIENCE

R&D Intern – Multimodal Sensor Fusion (Radar-Camera)

FORVIA - Faurecia Clarion Electronics

Apr – Aug 2026 Paris, France

- Contributed to a radar-camera sensor fusion pipeline for an automotive occupant monitoring system, applying deep learning to improve robustness over classical detection methods.

Deep Learning & Computer Vision Intern

Institut Pascal

Apr – Aug 2025 Aubière, France

- Adaptation and training of YOLOv8 for object detection in road environments using multimodal data (RGB / SWIR).
- Data preprocessing, model training and performance evaluation in a research setting supervised by Dr. Mathieu Labussière.

Indoor Localization Project

IRT B⟨⟩COM – IMT Atlantique

Sept 2025 – Jan 2026 Nantes, France

- Development and integration of a visual-inertial odometry module through camera and IMU data fusion, based on the OpenVINS framework.

Academic Robotics Projects

Université Clermont Auvergne

2024 Clermont-Ferrand, France

- ROS2-based control architecture for a LIMO mobile robot; design of an autonomous car with parking-assistance system (Arduino).

Student Work Experience

McDonald's, Lidl

2024 – 2026

PUBLICATION

Experimental study of YOLOv8 fine-tuning for RGB-SWIR multimodal road object detection

Reconnaissance des Formes, Image, Apprentissage et Perception (RFIAP)

2026

- HAL: hal-05657981.

Analysis of SWIR Imaging Detection Performance Under Adverse Environmental Conditions for Autonomous Driving Systems

IEEE Transactions on Intelligent Vehicles (T-IV)

Under review

ABOUT

"Robotics and AI are the tools of tomorrow — I am training to be one of their makers."

EDUCATION

Engineering Degree – Robotics & Automation

IMT Atlantique

2025 – 2027 Nantes, France

Master 1 – Automation and Robotics

Université Clermont Auvergne

2024 – 2025 Clermont-Ferrand, France

Bachelor – Mechatronics

Université Clermont Auvergne

2022 – 2024 Clermont-Ferrand, France

MPSI Preparatory Class

Lycée Blaise Pascal

2021 – 2022 Clermont-Ferrand, France

TECHNICAL SKILLS

Deep Learning / YOLOv8
ROS2 / Robotics
C++/Python
PyTorch / OpenCV
MATLAB / Simulink
Git / Linux
Sensor Fusion

LANGUAGES

French (native)
English (C1)
Spanish (A2)

INTERESTS

Robotics | Artificial Intelligence | Geopolitics | Football
